Alma Mater

As the mist lifts high above us
In the valley view,
There you stand, our Alma Mater
Clear and brave and true.
May we always keep your honor,
Keep your standards high,
Hold your memories always with us
As the years go by
Tho in time our paths may lead us
Far across the sea,
Still our love will bind us ever
Hand in hand with thee.
Proudly singing of your honor,
Cry above the din
Praise to thee, our Alma Mater
Praise to thee, Chagrin.

To all the 2014 Geauga County Graduates:

First of all, I would like to congratulate all of the 2014 Kent State University at Geauga Graduates! We are proud of your academic accomplishments and wish you the best as you embark on the next phase of your professional journey!

Our graduates understood the importance of furthering their education and chose the Geauga Campus for several reasons:

- To be part of a well respected state university boasting excellent university credentialed faculty;
- To experience service-learning opportunities where students connect with the community and network with leaders from business and industry;
- To have access to state of the art on-line teaching platforms that allows students to take classes in real time as well as flexibility in class scheduling;
- For the small class sizes which provide an environment where students interact personally with faculty members and collaborate with their classmates;
- To take advantage of the Career Services programming that helps match the students and their talents with the most appropriate college degree career possibilities;
- To earn a university degree for an affordable price in a safe, well maintained, university environment.

I also want to congratulate all of the new high school graduates from Geauga County and the surrounding areas. Commencement, the graduation ceremony, also means beginning. This is the beginning of your journey into adulthood. Whether you choose to continue your education in a college or university, technical school, or through life experiences, I want to encourage you to continue to learn. You are our future; the doctors, lawyers, teachers, ministers, scientists, counselors, dentists, retailers, industry leaders, politicians, firefighters, law enforcement officers, mothers and fathers; the policy shapers of the future.

Follow your dreams. Do not be deterred by hard work or situations that look unconquerable. Always believe that you can achieve your career goals.

If you are looking to further your education, but do not know where to start, please give us a call at 440-834-4187. Begin with the confidence that you can earn a University degree.

Best Wishes,

David Mohan
